

DESIGNATED SUPERVISOR FORM

To ensure that safe and ethical science is conducted, this form is required when a Qualified Scientist has been identified but may not be available to supervise experimentation. A "Designated Supervisor" is someone who agrees to oversee the experiment in the event the Qualified Scientist is not available to supervise. The Designated Supervisor must be trained by the Qualified Scientist to ensure the safety of the student and others. All animals must be treated in a humane manner. A project with a mortality rate of 30% or greater in any vertebrate group or subgroup is not permitted to be entered into the Science Fair even if the deaths are unintentional/accidental. Completed forms will be retained at the school.

Student's Name _____

Title of Project _____

To be completed by the Designated Supervisor:

Qualified Scientist Name _____

Advanced Degree _____

Degree Specialty _____

Position _____

Address _____

Phone _____

List or describe your responsibilities in supervising the student. Include all hazardous substances and devices used in the research and safety precautions to be employed: (Use back or attachments if necessary).

I certify that I have been trained in the techniques to be used by this student prior to the start of experimentation and that I will provide direct supervision.

Designated Supervisor's Printed Name

Signature of School Person Approving

Signature

Date of Approval
