

# INFORMED CONSENT FORM

To ensure that safe and ethical science is conducted, this form is required when an experiment could cause more than minimal risks to the human subject. The subjects (and their parents, when a minor) must be informed of, and consent to, the testing procedures before any experimentation begins. Use a separate form for each test subject. Completed forms will be retained at the school.

For more details, see the online Risk Assessment Guide at [www.societyforscience.org/isef/rulesandguidelines](http://www.societyforscience.org/isef/rulesandguidelines)
